EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 12-14 to an invention non-elected without traverse. Accordingly, claims 12-14 have been cancelled.

2. The following is an examiner's statement of reasons for allowance: The claims are allowed based on applicant's argument that since the attachment material of the Mogensen patent is flexible it would not cause the pipes to be spaced apart by a predetermined distance as required by the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
